# SUPPLEMENT TO THE APPLICATION FOR DATA PROCESSING SYSTEMS ANALYST III - VI

In addition to the information in your application, we need other information to properly evaluate your qualifications for this position. Answer each question as completely as possible. Use specific language, which shows clearly the work methods used and the extent of your responsibility and accountability. Avoid using general terms as 'worked on systems, " "assisted in systems development" etc. Show instead the extent of your involvement and the exact nature of the operations you performed. Show the extent to which your work was subject to review and the amount of review you gave to the work of others.
